

Hearing Health Assessment

Current Users

Name _____

In our professional experience, we have found that many of our patients describe hearing loss as the lack of clarity or a moment lacking in hearing or understanding. This affects not only their normal daily routines, but the lives of those around them. We would like to ask you a few situational questions to better understand your hearing environment and how we might improve your quality of life.

	Frequently	Sometimes	Rarely
When you are using the telephone, how often is your hearing technology performance satisfactory?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
When you are watching television, how often is your hearing technology performance satisfactory?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
When you are in a restaurant, how often is your hearing technology performance satisfactory?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
In your social life, how often is your hearing technology performance satisfactory?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
During conversations, how often is your hearing technology performance satisfactory?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
When you are in the presence of background noise, how often is your hearing technology performance satisfactory.	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
When you are listening to women's or children's voices, how often is your hearing technology performance satisfactory?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
How often is your hearing technology performance satisfactory in improving your understanding of what others are saying?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
How often is your hearing technology performance satisfactory in reducing your feeling that other people are mumbling?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>
How often is your hearing technology performance satisfactory in reducing your feeling of being stressed or tired after listening for long periods of time?	<input type="checkbox"/>	<input type="checkbox"/>	<input type="checkbox"/>

Please provide the top three listening situations where you would like to hear better.

- Driving
- Outdoors
- Telephone
- Family
- Religious
- Television
- Meetings
- Restaurant
- Travel
- Music
- Social
- Other _____

Below are four listening lifestyles that range from frequent to rare background noise you might experience throughout your day. When you think about your daily activities, in addition to your less frequent but important activities, which lifestyle best describes you now and where you would like to be?

Please select your current lifestyle and your desired lifestyle. (Pick one)

Active Lifestyle (Frequent Background Noise)

- Current Desired

Casual Lifestyle (Occasional Background Noise)

- Current Desired

Quiet Lifestyle (Limited Background Noise)

- Current Desired

Very Quiet Lifestyle (Rare Background Noise)

- Current Desired
